

BIOCLEAN-R™ CLASSIC COAT

Reusable
CLC002

About

The BioClean-R™ Classic Coat is specifically designed and manufactured from lightweight, non-linting 100% monofilament polyester with a carbon grid woven within to provide antistatic properties. Suitable for use in either a sterile or non-sterile cleanroom environment. The CLC002 Classic Coat features raglan sleeves with lycra cuffs, front/offside zip fastening with YKK slider and bar tack stitching at base, mandarin collar and stud neck fastenings.
