

BIOCLEAN-R™ COVERALL

Reusable
STC001

About

The BioClean-R Coverall is specifically designed and manufactured from lightweight, non-linting 100% monofilament polyester with a carbon grid woven within to provide antistatic properties. Suitable for use in either a sterile or non-sterile cleanroom environment. The STC001 Coverall features raglan sleeves, a centre fastening zip, elasticated back, and stud wrist and ankle fastenings.
