Join us for the Cleanroom EMEA event at Cleanovators Virtual Conference 2024, where we'll focus on the validation of cleanroom disinfectants and the critical regulatory expectations outlined in Annex 1.

Industry experts will provide insights into disinfectant efficacy testing, contamination control strategies, and Contec's innovations for cleanroom disinfection. This event will offer valuable guidance on meeting regulatory requirements while maintaining the highest standards of cleanliness in life science environments.

# 23<sup>rd</sup> October 2024
