

BIOCLEAN-R™ OVERBOOTS

Reusable
STO013

About

The BioClean-R™ Overboots are specifically designed and manufactured from lightweight, non-linting 100% monofilament polyester with a carbon grid woven within to provide antistatic properties. Suitable for use in either a sterile or non-sterile cleanroom environment. The STO013 Overboots feature a tie-tape upper fastening, tape and buckle ankle fastening, one female stud either side to attach coverall, studs on webbing and a grey sole.
