

PurGuard SV- 801-AF

Reusable Cleanroom Goggle

Autoclavable

Anti-fog Coating

Item no. 2962008

Special clip for easy length adjustment

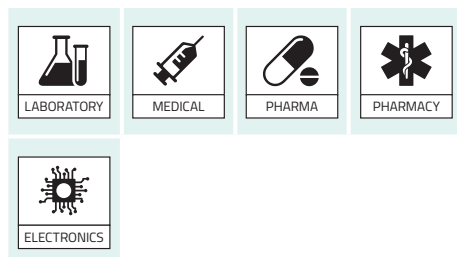

Lower ventilation clips

ISO	3	4	5	6	7	8
GMP			A/B		C	D

PurGuard SV-801-AF is a fully autoclavable reusable goggle for use in cleanrooms. The goggles have ventilation clips for indirect ventilation at the top and bottom, which increases product safety. The particularly soft clip material ensures additional wearing comfort and the frame design enables use over prescription glasses. Thanks to the large field of vision, the goggles cover the entire eye area very well for the benefit of product and personal safety. The goggles have a highly effective anti-fog coating that is resistant to disinfectants and autoclaving.

- CE certified
- For critical environments
- Anti-fog coating
- Side buckle for easy adjustment of the silicone headband
- Indirect and direct ventilation possible
- Suitable for use over prescription glasses

INDUSTRY SECTORS

APPLICATION, USAGE

Recommended for usage as part of the garment concept in sterile GMP cleanrooms (ISO 5)

SIZE

Unitary size, individually adjustable headband

DIMENSIONS (L/W/H)

17,8 x 3,2 x 9,4 cm

WEIGHT

110 g

FRAME MATERIAL, COLOR

Thermoplastic rubber | gray

LENS MATERIAL, COLOR

Polycarbonate | clear, anti-fog coating

HEADBAND MATERIAL, COLOR

Silicone | clear, latex-free

VENTILATION CLIP MATERIAL, COLOR

Thermoplastic rubber | black

CHEMICAL COMPATIBILITY

Can be wiped/cleaned with isopropanol and water

CERTIFICATION

CE certified as PPE product, category II, tested according to EN 166:2001, Optical class 1

DELIVERY CONDITION

Non-sterile on delivery. Product must be decontaminated for cleanroom use before first usage!

STERILITY

Cleaning and sterilization before first use. Autoclavable under 121 °C - 25 min. or 134 °C - 5 min. up to 40 cycles. No guarantee is given for deviating autoclaving parameters. The product is not compatible with gamma irradiation procedure.

RE-USE

For multiple use in cleanrooms. Clean after every usage.

STORAGE

General storage conditions apply, protect from harmful influences (humidity, sun rays or UV light, contamination, pressure), recommended storage temperature 5–40 °C.

PACKING

1 pair of goggles / bag, 10 bags / box [SU = 10 goggles]
10 boxes / carton [100 goggles]

CARTON SIZE (L/W/H)

CARTON WEIGHT
72 x 45 x 63 cm | 19 kg

PALLET

9 cartons / pallet
(120 x 100 x 204 cm)
