

BIOCLEAN-R™ COVERALL

Reusable
STC003

About

The BioClean-R™ Coverall is specifically designed and manufactured from lightweight, non-linting 100% monofilament polyester with a carbon grid woven within to provide antistatic properties. Suitable for use in either a sterile or non-sterile cleanroom environment. The STC003 Coverall features raglan sleeves, a centre fastening zip, elasticated back, lycra wrists and stud ankle fastenings.
